SUMMARY

Self taught junior software developer in search of opportunities to break into the tech industry. Highly motivated, tech savvy individual with a passion for continuous learning of new web application framework and programming languages. Continuously working on mastering the craft.

SKILLS

Programming/Web: HTML5, CSS3, Bootstrap, SASS, Javascript, jQuery, AJAX, Ruby, Ruby on Rails, SQLite, Posgres, Wordpress, Git version control, responsive web design.

Operating systems: MAC OSx Windows, Debian Linux, Kali Linux.

Penetration testing: Kali Linux, Aircrack–ng, Nmap, Reaver.

Great Interpersonal Skills.

PROJECT EXPERIENCE

TWITTER CLONE SOCIAL NETWORK

FEBRUARY 2016-PRESENT

- Developed using the Ruby on Rails 4 web application framework.
- Used Postgres database management system to organize data and user base.
- Developed in the c9 cloud based integrated development environment and currently hosted on the Heroku cloud hosting platform.
- Further customized the graphical user interface by using SASS.

INTERACTIVE RESUME

FEBRUARY 2016- PRESENT

- Developed an interactive responsive resume application that reads all data from a JSON file and then using jQuery, dynamically modified the DOM to display the information.
- Further customized page by utilizing CSS3 to style GUI.

PINTEREST CLONE

MAY 2016- PRESENT

- Built using the latest version of HTML Abstraction Markup Language, CSS3, Javascript, and Bootstrap 3.
- Utilized Amazon web service S3 for user data storage.
- Users can create accounts and securely login and upload images to their profiles.

LANGUAGES

English and Spanish

EMPLOYMENT

UBER – *Contractor*

JUNE 2016 -PRESENT

- Delivered food and packages for clients through the Uber partner app.

The Mikva Challenge– *City Wide Youth Leader*

JUNE 2013 - JUNE 2014

- In partnership with Cook County Board President Toni Preckwinkle and the Judicial Advisory Council, Mikva Challenge launched the Juvenile Justice Council (JJC) in the summer of 2013. JJC serves as an advisory and advocacy body that provides diverse youth perspectives on the policies and programs involving young people and the criminal justice system, with a particular emphasis on how to reduce rates of incarceration and recidivism among juvenile youth in Cook County.
- Developed and presented recommendations to President Preckwinkle on how to help youth transition from correctional facilities to community.
- Collaborated with tech gurus to design and develop a web application, *expunge.io*, which allows youth to find out if they qualify to expunge their record and provides a link to pro bono lawyers.
- Successfully lobbied for an automatic expungement bill in Springfield, IL

EDUCATION

City Colleges of Chicago – Fall 2015

University of Illinois at Chicago – Fall 2014 – Spring 2015
